Class:2

Term: Autumn

Topic Title: Our amazing World

CYCLE B

Trips and Visitors

Mind Map Overview

Whole School Elements

Science 1Consider why it is beneficial to grow plants in nurseries and explore what plants need in order to grow. 2 Investigate what plants need in order to stay healthy. 3 Explore how we can help plants live longer. 4 Observe and describing how plants grow, including how roots are formed. 5 Begin to understand how plants reproduce.

Geography 1Identify the seven continents of the world then explore France (have a French Day) . 2Identify where Asia is and explore China. 3 Identify where Australia is and explore Australia. 4 Identify where Africa is and exploring features of Kenya. 5 Identify where North America, South America is and exploring Antarctica.

Finish off with Toucaro topic (resources in school)

Art Explor how indigenous people paint on rocks before painting-own 'pet rocks' or painting rocks to tell a story. 2 Explor and create sculptures made from sticks and twigs. 3 Look_at examples of rangoli patterns and explore how to create animal pictures with leaves. 4 Explore what weaving is and how it works before learning to weave with a variety of natural materials.

History Explore and compare Columbus and Armstrong
